papers on literature, culture and
multilingualism

@ieee_nitw @IEEE Student Branch NITW @ieeesbnitw

Professional success goes above and beyond the pen and paper in the classroom, and we - the IEEE SB NITW – recognise that.

Breaking from the trend of purely technical webinars, we're venturing into the realm of soft skills with a webinar on social emotional learning.

A cordial, frank discussion led by Dr. Raja Vishwanathan on the importance of people skills in this day and age, and how to go about fine tuning them.
