Artificial Intelligence has found its way into every domain, including healthcare, aviation, supply chain, stock market, and now into the field of Energy! How exactly can AI and Data Analytics be applied to Power Engineering?

Dr. Surekha Deshmukh will take us on an enlightening journey that answers these questions!

Join us at 6:00pm on 4th September, Saturday to find out!

This event is jointly conducted by the Women in Engineering Affinity Group and the Power and Energy Society Society of the IEEE Student Branch, NIT Warangal.

Date: 4th September

Time: 6:00pm
