

Event report on a workshop on power world simulator

The poster features a dark blue background with a large, faint, stylized globe graphic. In the top left corner is the IEEE PES logo (Power & Energy Society) and in the top right corner is the IEEE Student Branch NITW logo. The main title 'WORKSHOP POWER WORLD SIMULATOR' is written in large, bold, orange letters with a slight shadow effect. Below the title, it says 'An introductory session by' followed by a graduation cap icon and the name 'DR. ALTAF Q H BADAR'. A white horizontal line separates the speaker information from the call to action 'REGISTER NOW !'. At the bottom, contact information is provided: 'FOR QUERIES CONTACT' followed by two phone numbers (+91 98954 56452 for Jessica and +91 74169 23422 for Satyadeep) with a WhatsApp icon, and the date '18 th -Sept' and time '10:00 AM' with a calendar and clock icon respectively.

Are you having trouble solving your power flow cases? Do you require a simple and efficient method? We, the PES Student Chapter of IEEE SB NITW, present to you - Power World Simulator Workshop. It's a time-based interactive power system simulation programme for simulating high-voltage power system operation. It's an indispensable tool for anything to do with computations and visualisation, in the lab and outside of it.
