Power & Energy Society

presents

WIDE INPUT DC/DC CONVERTERS FOR SOLID STATE TRANSFORMERS

SATURDAY, SEPTEMBER 25 6 - 7 PM

A WEBINAR BY
MR. PRAMOD APTE

WORK EXPERIENCE

  **BOSCH**

EDUCATION

 **ETH zürich**  Leibniz
Universität
Hannover

 @ieee_nitw  @IEEEESBNITW  IEEE Student Branch NITW

With the aim of broadening the visions of Tech enthusiasts, the Power & Energy Society of IEEE SB NITW brings to you an exhilarating talk on Wide Input DC-DC converters for Solid state transformers. To enlighten us about said transformers that are as intricately designed as they are efficient, we have Mr. Pramod Apte - a former alumnus of NITW in EEE who went on to pursue his Masters at the coveted ETH Zurich. So this makes for a webinar you'd want to attend as much for the content of the speech, as for the speaker delivering it.
